

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Public Hearing Regarding Notice of Public Nuisance and Order to Abate issued on property located at 433 East Locust Street, Lodi, California, Assessor's Parcel No. 043-201-0025

MEETING DATE: June 5, 1996

PREPARED BY: Fire Marshal

RECOMMENDED ACTION: That the City Council hear all evidence pertaining to this matter and make a determination as to the need to proceed with the Notice of Public Nuisance and Order to Abate. If there is insufficient evidence of compliance with the Fire Department's Order to Abate issued on March 23, 1996, the Council should issue an order, certified by the City Clerk, that all debris be removed from the building and premises and that the building be secured in a manner approved by the Fire Chief.

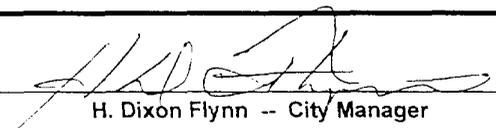

BACKGROUND INFORMATION: On September 8, 1995 a fire occurred in this 4 unit apartment building. This fire resulted in extensive damage to the carport area and attic area. As a result of this fire, the building has been uninhabitable pending repairs. On September 8, 1995, the fire department authorized an emergency board up of the premises along with the installation of a cyclone fence. The fence was removed after the 90 day contract period had expired.

On September 21, 1995, the building was released to the owner, Mr. Rick Riggle.

On March 21, 1996, an inspection of the premises was conducted by Fire Marshal Steven Raddigan. As a result of this inspection, a Notice of Public Nuisance and Order to Abate was issued by Fire Marshal Raddigan on March 23, 1996. This Notice was mailed to the legally listed property owner, Mr. Rick Riggle by certified mail with a return receipt requested. On March 23, 1996, the Notice was posted on the building.

On March 21, 1996, Fire Marshal Raddigan contacted the father of Rick Riggle. Fire Marshal Raddigan was informed that Mr. Rick Riggle was incarcerated in the San Mateo County Jail and would shortly be transferred to San Quintin to serve a 3000+ day sentence. Fire Marshal Raddigan verified this information with the San Mateo County Sheriffs Office.

CITY OF LODI

COUNCIL COMMUNICATION

On April 15, 1996, Fire Marshal Raddigan inspected the property and found that the accumulation of combustible material was still present on the premises. It was noted during this inspection that the building was secured. Contact was made with the mortgage company and information obtained confirmed that the mortgage company boarded up the property but did not remove the combustible material from within the structure.

Based on the current situation of Mr. Rick Riggle and the present condition of the building at 433 East Locust Street, there does not appear to be an immediate solution without the city taking abatement action.
